

Girl Code Program Outline

In a time such as this, when promiscuity, overt sexuality, and lack of identity is so clearly demonstrated throughout our culture, it takes women of strength, integrity and grace to stand firmly on the word of God. Girl Code is designed to educate, empower, and encourage young women to discover their identity in Christ and take their rightful position as young women of God. As children of God, we are the rightful heirs to the throne. It is time for young women to unlearn the false reality that has been demonstrated by some of the most well-known public figures and influencers of our modern culture. Girl Code aims to give young women insight and understanding towards their value, identity and authority as young women of faith. It is time to break the cycle of brokenness, shame, and confusion and become the women that God has called us to be.
